

Hasgrove plc *Annual Report* **T**he year to December 2008

What we do.

Hasgrove is the holding company for a fully integrated group of companies. Those companies, combined, are spread across Europe. They are concentrated into three divisions: Public Affairs and Corporate Communications, Digital and Communication Services and Design. The Group encourages each of the companies to interact, through their individual disciplines, on cohesive public and private sector projects. The work produced is a direct response to the rapid changes that are evolving in those sectors.

Revenue by division

Year to December 2008
Total revenue £36.5m
